Aspiring software developer with a strong foundation in computer science concepts and programming languages gained through the CS50 course. Passionate about leveraging technology to solve problems and continuously enhancing my skills in software development.

EDUCATION

2022 - 2027

BACHELOR OF COMMUNICATIONS AND COMPUTER ENGINEERING,
FACULTY OF ENGINEERING AT SHOUBRA - BENHA UNIVERSITY

TRAINING & COURSES

JUN 2022 – PRESENT

CS50: Introduction to Computer Science
Harvard University (via edX)

- *Gained a foundational understanding of computer science and problem-solving techniques.*
- *Learned programming concepts and applied them to solve complex problems.*
- *Built projects demonstrating proficiency in various technologies.*

Programming Languages Awareness

- **Java:** Basic understanding of object-oriented programming and software development.
- **C++:** Familiarity with data structures, algorithms, and memory management.
- **SQL:** Skilled in database management, querying.
- **HTML & CSS:** Proficient in building and designing responsive web pages.
- **JavaScript:** Experience in enhancing web interactivity and client-side scripting.

Technical Skills

- Programming: Java, C++, SQL, HTML, CSS, PHP, JavaScript
- Tools: [Mention tools you are familiar with, e.g., Visual Studio Code, Git, etc.]
- Problem-Solving: Analytical and logical thinking with experience in debugging and troubleshooting code.

Projects

Developed a responsive website using HTML, CSS, and JavaScript, PHP, SQL (Blood Donation Website).

SKILLS

- Strong communication and collaboration skills.
- Detail-oriented and organized in managing projects.
- Eager to learn new technologies and improve coding practices.

LANGUAGES

- Arabic (Native)
- English (Intermediate)
